Certificate of Participation

Kazaaakpleth Kilik

Certificate #00338567

Thank you for joining us on the OSIRIS-REx asteroid sample return mission to Bennu. Your name will reside on one device placed in the Sample Return Capsule for a round-trip journey from Earth, to Bennu, and back; and on a second device affixed to the spacecraft instrument deck for continued travels in space.

OSIRIS-REx is a NASA mission. *The Messages to Bennu!* program is part of The Planetary Society's *Messages from Earth* program.

Bill Nye
Chief Executive Officer
The Planetary Society

Dante Lauretta
Principal Investigator
OSIRIS-REx

Messages to Bennu! is a partnership of the Planetary Society and the University of Arizona. NASA chose the University of Arizona to lead its third New Frontiers Mission. OSIRIS-REx stands for Origins Spectral Interpretations Resource Identification Security Regolith Explorer. Principal Investigator Dante Lauretta leads the mission.
